

RITE NOW @ ROP

Working toward success is what we strive for in our World of Work program here at AJATC. World of Work (or, WOW) is a program that provides opportunities for youth who have graduated high school to develop and practice independent living skills and prepare for their transition back into the community.

On July 15th, WOW held a mock job fair in which youth used their creativity and team building skills to create their own business plans and were then challenged to “recruit” program staff to apply for their businesses. The youth showed great pride in their work as they pitched their business plans to staff members. The event was a great success, and we want to recognize each of the participants for their dedication, innovation, and professionalism.

We are extremely proud of our young entrepreneurs at AJATC and look forward to seeing all of their future accomplishments!
